PROFILE

One of my strengths is the ability to structure projects by breaking them down into logical components and algorithms before starting work. This helps me to develop web applications more systematically and efficiently.

I work excellently both on independent projects and in a team environment, and I always strive to achieve high standards of quality and professionalism in my work. My experience and skills allow me to create amazing web applications and enhance the user experience.

EDUCATION

Mezmalas Basic school, Jurmala –

Sep. 2013 – Jun. 2022

Kauguri High school, Jurmala – *programmer*
